

muk. M PLEX™ POWDER LIGHTENER

Designed for maximum lightening while maintaining the integrity of the hair. muk M Plex™ Powder Lightener, contains plex technology with Polyamino Sugar Condensate, which delivers protection and Argan Oil to condition and add shine. Throughout the lightening process the hair is hydrated and protected.

- Maximum protection during lightening
- Lightening results achieved quickly and easily
- White, dust free and easy to mix formula
- Use scales to measure accurately
- Multi-technique lightener
- Lightening without compromise
- Stronger, healthier lightened hair
- NO HEAT recommended throughout processing time

METHOD	FOILS	FREEHAND/BALAYAGE (ADD MUK HYBRID CLAY ADDITIVE)						
								
	<p>1:2</p> <p>Mix M Plex™ Powder Lightener in a non-metallic bowl.</p> <p>Use scales for accurate measuring.</p> <p>Mix until a smooth and even consistency.</p>	<p>1:1:2</p> <p>(mix with muk Clay Additive)</p> <p>Example –</p> <p>10g M Plex™</p> <p>+ 10g Clay Additive</p> <p>+ 40g Developer</p>	<p>M Plex™</p>	<p>5g +</p>	<p>10g +</p>	<p>15g +</p>	<p>20g +</p>	<p>25g +</p>
			<p>Clay Additive</p>	<p>5g +</p>	<p>10g +</p>	<p>15g +</p>	<p>20g +</p>	<p>25g +</p>
			<p>Lotion / Developer</p>	<p>20g</p>	<p>40g</p>	<p>60g</p>	<p>80g</p>	<p>100g</p>
	<p>Up to 45 minutes</p> <p>Check every 10 - 15 minutes throughout processing time</p>							
	<p>Once desired level and visual underlying pigment is achieved, rinse well with warm water and use Vivid muk Colour Lock Shampoo and Conditioner to stop oxidation and create even surface for toning.</p>							

MUK HYBRID CLAY ADDITIVE	
	<p>Is a clay additive that is added to bleach to change the desired consistency and creates the perfect lightener for all hair painting, balayage and free-hand techniques.</p>
